HARDY MUMS MOST POPULAR PERENNIAL

HARDY CHRYSANTHEMUMS hold first place among all perennials because they give a wealth of color and cut flowers over a long fall period. They give so much — so quickly—and for so little. We look over hundreds of varieties each year; select, grow, and test many of these and then select the most outstanding ones for you. Many qualities have to be considered, and in addition to color and beauty, the vigor, hardiness, strength of stem, frost resistance, disease resistance, blooming period, quality of foliage, are all important.

NEW MUM VARIETIES: Ours is an up-to-date list. We always list some of the newest varieties, including 1961 introductions. Some of these such as Wayzata were received in advance and tested a year, but this is not possible on all current introductions. We are also listing Fleming's new Snow Sprite. We have listed the largest flowered mums which we consider reliably hardy, which are early enough, and which have sufficiently strong stems. Many of the new large flowered varieties are deficient here in some of these respects.

HARDY WHITE CHRYSANTHEMUM VARIETIES

CHARLES SAGER (Kraus '59) A hardy, rugged, frost resistant white cushion. (Ht. 18"; 2½" fl.; M. Oct.) Price 35c ea.; 3 for 70c.

GRANITE TRUTH (Meader, U.N.H. '57) Very early hardy white pom on compact rounded plants. Earliest white we grow. (Ht. 18"; 2½" fl.; L. Aug.) Price 40c ea., 3 for 80c.

HENRY ETTS (Kraus '57) Cream to white flowers with spoon tipped petals. Huge robust plants with blooms that stand frost and bad weather. Excellent cut flower. (Ht. 26"; 3"-4" fl.; E. Oct.) Price 35c ea. 3 for 70c.

NEW DRIFTED SNOW (Lehman '57) Heavy textured white flowers on vigorous hardy plants. Long blooming plants that put on a great show. (Ht. 20"; 3" fl.; M. Sept.) Price 35c ea.; 3 for 70c.

PRINCESS KAY (Lehman '58) A broad petaled, heavy textured alabaster white flower. Very showy. (Ht. 24"; 3½" fl.; M. Sept.) Price 35c ea.; 3 for 70c.

RAGGEDY ANN — Unusual white carnation type flowers on compact cushion like plants. The serrated petals give a ragged appearance to the flowers. (Ht. 16"; 2½" fl.; L. Sept.) Price 45c ea.; 3 for 90c.

SEPTEMBER SNOW SPRITE (Fleming '61) An early low growing cushion bearing quantities of small white poms. (Ht. 21"; 2" fl.; E. Sept.) Price 60c ea.; 3 for \$1.20.

WHITE SAIL (Lehman '57) Heavy textured white flowers on clean vigorous plants. Fine cut flower. (Ht. 21"; 3-4" fl.; L. Sept.) Price 40c ea.; 3 for 80c.

HARDY PINK CHRYSANTHEMUM VARIETIES

ADORABLE (Lehman '56) A truly beautiful mum in great demand. An early large flowered pink with salmon reverse. We never seem to have enough. (Ht. 18"; 3" fl.; E. Sept.) Price 40c ea.; 3 for 80c.

ARLENE WOODS (Kraus '59) A lovely pastel salmon pink borne on nice clean branching plants. Really different. (Ht. 20"; 2½" fl.; L. Sept.) Price 40c ea.; 3 for 80c.

BETTY ETTS (Kraus '57) Rayonette type lavender pink flowers. Petals very long, tubular, spoon tips. A remarkably beautiful new garden type. (Ht. 24"-28"; 3"-5" fl.; E. Oct.) Price 35c ea.; 3 for 70c.

ARVO HUKARI (Kraus '59) Distinctive lavender pink flowers borne in profusion on vigorous tall plants. Fine cut flower. (Ht. 26"-28"; 2½"-3½" fl.; L. Sept.) Price 40c ea.; 3 for 80c.

BRIDGER (U.S. Dept. Agri. Cheyenne Wyo. Sta. '60) A vigorous, hardy, mound type strong stemmed cushion plant bearing rich, clear, phlox pink poms. (Ht. 12"; 2" fl.; L. Sept.) Price 60c ea.; 3 for \$1.20.

CECIL BEEDE (Wallie's Gdns., Minn.) Very free flowering early bright lavender pink. One of the showiest of the early pinks. (Ht. 24"; 2¾" fl.; E. Sept.) Price 35c ea.; 3 for 70c.

EVELYN GARREN (Kraus '57) A large rose and gold incurve. A striking color and beautiful flower. (Ht. 15"-20"; 3"-4" fl.; E. Oct.) Price 35c ea.; 3 for 70c.

- LAVENDER BUTTON** (Lehman '57) Small lavender-blue poms on clean, excellent cutting stems. (Ht. 24"; 1¾" fl.; Sept. 20.) Price 35c ea.; 3 for 70c.
- PEACH TONE** (Black '58) A vigorous, attractive, free blooming peach pink. Beautiful for use in bouquets and particularly fine under artificial light. (Ht. 24"; 4"-5" fl.; L. Sept.) Price 60c ea.; 3 for \$1.20.
- PRINCESS** (Univ. Minn. '58) A blush of rose and coral on delicate carnation type petaled flowers. These vigorous mound type plants are among the first to bloom. (Ht. 15"-18"; 2" fl.; Sept. 1.) Price 35c ea.; 3 for 70c.

HARDY RED CHRYSANTHEMUM VARIETIES

INFORMATION RELATING TO ALL CHRYSANTHEMUMS LISTED

MINIMUM ORDERS — Instead of setting a minimum we request that 50c be added to all orders under \$3.00 to help on postage and packing.

PREPAYMENT — We pay postage on all orders but where the distances are great, we recommend air mail, and if requested, customer should add 5c per cutting with a minimum of 50c to help pay charges.

TYPES OF PLANTS SHIPPED — All prices apply to well rooted cuttings. Transplants and field plants are available at nursery throughout the season.

SHIPPING DATES — May 1-June 15 — ample time to provide good strong blooming plants by fall. Please mark orders with the earliest, (preferred) and latest date acceptable as May 15 (May 25) June 5.

SUBSTITUTIONS — Please mark order "Substitutions permitted" or "No substitutions". Not made unless permission is granted, and then only when it would prove helpful, to complete order. If necessary and made, extra value will be given.

PRICE SAVINGS ON LARGER QUANTITIES — Five plants at three times the each rate; 10 at five times the each price.

PLANTS PICKED UP AT THE NURSERY — It would be helpful if you can give us advance notice so we can have your order ready. We will give extras for this courtesy.

PLANTING TIME — Rooted cuttings should be planted after danger of frost or given protection to start. We can supply divisions and field plants on many varieties from plants wintered in the field for those coming to the nursery.

BLOOMING DATES — Those given refer to time blooming starts. Most varieties will bloom until freezing weather in late October or early November. Blooming dates vary with the season and with location.

SIZE OF FLOWERS — Size refers to diameter in inches, readily available without disbudding.

DIRECTIONS FOR GROWING — We will be glad to send directions on request, or inclose with order.
